Subject:	CDECA State Conference - Some Events Canceled
Date:	Thursday, February 01, 2018 8:04:57 AM

Good day,

I have already notified the Advisors and Presidents of participants **in the following events** which must be canceled at State CDC due to lack of enrollment:

Business Operations Research
Emerging Tech
Entrepreneurship: Starting Own Business
Entrepreneurship: Growing Own Business
Financial Statement Analysis
International Marketing
Professional Sales

Students who enrolled in these events may select another event as a substitution. Please notify your State Advisor of these changes by noon on this Friday, February 2nd!

NOTE: If I make changes to your registration, it sends another copy of the invoice. Please check these to make sure the totals are the same. They will be the same if I am just making changes to events.

NEXT WEEK: I will be working on rooming next Monday and this may change your total due if some of your rooms need to change to Triple instead of Quad. **I will try to avoid this** at all costs. Thank you.

Sorry for any inconvenience.

See you soon!

Tammy Stains
