Individual Leadership Passport Program

The Collegiate DECA Leadership Passport Program encourages local chapters and individual members to plan activities and participate in events that enhance the experiences of members. The leadership passport rewards action taken by members and chapters that build personal and professional skill sets focused around the organization's four attributes and values: competence, innovation, integrity and teamwork. Members and chapters earning the various levels of passport success will be recognized at the Missouri State Career Conference and, for those submitting online to DECA, Inc., at the International Career Development Conference.

DESCRIPTION

The Individual Leadership Passport Program provides student members a guide for year-round engagement, and enhances the benefits of membership in Collegiate DECA. Activities are categorized using DECA's core values and guiding principles, in an effort to encourage a well-rounded college/university experience. In addition to students who are members of a campus-based chapter, Individual Members are also eligible for this recognition program.
